## **Fogelman Management Named a Finalist in the National 2017 Best Places to Work in Multifamily**

**Memphis, September 26, 2016** Fogelman Management Group (FMG) has been announced as a finalist for the National 2017 Best Places to Work in Multifamily by Multifamily Leadership Magazine and Best Companies Group (BCG).

Fogelman is one of a very select few companies nationally to be chosen as a finalist for 2017. There was a rigorous assessment process, administered by the Best Companies Group that evaluated each company's employee policies and procedures as well as responses from the company's employees. The program is part of a long-term initiative to encourage growth and excellence throughout the Multifamily Apartment Industry and to attract new leaders to the industry.

Melissa Smith, Fogelman Management Group's Chief Administrative Officer stated, "We agree with Multifamily Leadership that employee engagement is a more powerful indicator of organizational success than the size of the company, as employee engagement is tied to behavior and higher performance. We pride ourselves as a long term professional management company with a focus on family and culture, within that culture our associates go above and beyond every day to show our customers the Fogelman Difference. Our clients reap the benefits of our culture with above market performance on their assets. We are excited that our associates are now being recognized nationally for the culture and exceptional performance that we know they work hard to create every day."
